The Carolina Coastal Railroaders is a non-profit 501(c)(3) organization with membership open to anyone interested in model railroading and railfanning. Come enjoy model railroading with us. Beginners welcome! We currently have about 30 members.

The Carolina Coastal Railroaders was born in early 1992 when five people met at the Country Kitchen Restaurant to discuss the future of model railroading in the New Bern area. This early group decided to advertise their intent and to meet informally for several months to determine if sufficient interest existed to proceed. After meeting all through the summer, the group decided on September 4, 1992, to organize the Carolina Coastal Railroaders. A formal constitution was adopted on October 15, 1992, with a beginning membership of eleven.

The members joined together in March of 1993 to rent a building in which to build a permanent layout. Interest soared as the HO Scale layout depicting railroading in North Carolina developed. After four years we outgrew the rented facility. New space was rented and a new layout was constructed. It served the club well until it was torn down to move to a more suitable location. As of May 1, 2006, a new clubhouse was leased and renovated at 2001-B South Glenburnie Road in New Bern.

We have moved and are currently building a new layout at our new location 1916 South Glenburnie Road, Suite 11.

Prospective new members are encouraged to come, join, and participate with us to enjoy the hobby of model railroading.

“Model railroading is Fun”

We receive no subsidies and have to pay rent and utilities so the club charges dues. The dues structure is:
